WELCOME

To the 1st Newsletter prepared for the Fleetville Community Centre.

The Fleetville Community Centre opened its doors in 1982. Our centre has been a busy hub for local community groups and individuals to engage and participate in community activities.

Community Groups usually book our rooms in the building and organise their own activities and classes. We look forward to new and existing groups to start their classes at the centre.

UPDATE:

The Centre Re-opened on 16th July 2020 in compliance with Govt. Guidelines.

THE FRIENDS GROUP

The Friends Group all year round raise a substantial amount of money for the centre. They raise a significant amount of money at the Annual 'Larks in the Parks' each year (not held this year due to Covid-19) and for the New Build Project. This year they have made a substantial contribution to the kitchen refurbishment.

NEW BUILD PROJECT

A BIG THANK YOU TO MIKE for his time, expertise and commitment on the project. The Centre needs renewal from its prefab construction and we are exploring the future of a new centre much needed by our centre users and residents. More updates to follow.

THE CENTRE DURING LOCKDOWN

Following government guidelines we were sad to close the centre during the Lockdown. We have been living in unprecedented times. During the Lockdown, our Centre Manager Cathie Crowne and Zanna Millicheap one of our Trustees have worked very tirelessly to decorate the Centre ready for us to open and resume our normal business. Upgrades have been made to the kitchen, toilets, walls and floors. You can see our revamped rooms below.
